region served by SCC
(by school district)

accountability dashboard

Tuition & Fees
Tuition and fees for all MnSCU 2-year colleges are in the “red” across the entire system because a national comparison puts the system near the highest tuition/fees in America.

Related Employment of Graduates
Many MnSCU institutions experienced lower placement rates for Fiscal Year 2009. SCC also faced challenges with intermittent staffing assistance in placement during the year. Rates have since recovered and are currently at 93.7%.

SCC is accredited by the Higher Learning Commission of the North Central Association of Colleges and Schools as a Comprehensive 2-year College.

30 North LaSalle Street, Suite 2400; Chicago, IL 60602 1-800-621-7440

Message from the President

Your contributions and partnerships with South Central College have assisted us in launching new initiatives, challenged us to address the need for changing educational options and helped us to reach our many goals. Thank you for helping SCC to attain our 2010-11 accomplishments!

3-Year Diversity Plan
A major accomplishment of the past year has been the completion of our 3-year Diversity Plan. SCC is working to sustain an atmosphere that attracts and supports a diverse community of learners. This plan helps us to identify the educational needs, environmental improvements and institutional changes necessary to advance our development and prepare our students and employees for the future.

Expanded Options for Learning
SCC has expanded our instructional healthcare options to include: Health Unit Coordinator, Health Support Specialist, Medical Assistant and Pharmacy Technician. In addition, we have conducted a program re-design creating the new Building Design and Energy Technology program with a focus on commercial building and energy-related systems. A partnership with Productivity and Haas Corporations has allowed SCC to create a new Haas Center of Excellence to serve the manufacturing sector. Online, weekend college and hybrid class options are continually expanding. SCC currently delivers 17.4% of our credits online.

Serving More Students
South Central College is proud to have served 38.5% more students since becoming a comprehensive community college in 2006. This year, SCC received its first-time TRiO Student Support Services grant to provide tutoring and academic/personal support to increase student retention, transfer and graduation to underrepresented students. Truly, our success is measured by the success of our students.

Investment in Facilities and Equipment
Highlights from the past year include the remodeled Crossroads Bookstore and Café that provide a collegiate “commons” atmosphere on our North Mankato Campus. Re-located and updated Academic Support Centers on both campuses give SCC students the support they need to succeed in a great learning environment. New Chemistry and Pharmacy Technician labs have recently been completed on the North Mankato Campus.

Thank you for supporting the 6500 students at South Central College. We sincerely appreciate the financial contributions you have made to our two foundations (pages 14-20). Your commitment to higher education makes a difference in the lives of our students and the communities where they live and work.

President Keith Stover
South Central College will be the region’s leading institution for transitioning individuals into the college environment, educating students for technical careers and building student capacity for future study through inclusive student-centered programs and services. The college will be a committed partner in the regional economy, helping individuals and organizations compete in the global marketplace.

South Central College provides accessible higher education to promote student growth and regional economic development.

- Foster a welcoming environment that cultivates a sense of respect and appreciation for differences.
- Provide educational options that prepare students for entry into the workforce, career advancement and academic transfer opportunities.
- Offer student services and enrichment experiences that support academic success.
- Provide educational opportunities that develop our students’ ability to understand and evaluate personal, social, civic and global perspectives.
- Deliver education, training and consulting services for business, industry and government organizations that help maximize productivity, profitability and sustainability in a global marketplace.
- Promote the economic, cultural and intellectual development of the community through collaboration with our stakeholders.
Recognizes the liberating effects of lifelong intellectual, professional and personal learning.

Honors diversity and inclusion by recognizing every person’s worth and potential.

Operates with integrity in all interactions.

Encourages open and honest communication that respects individual opinions.

Values collaboration and believes that teamwork promotes unity and shared purpose.

Embraces continuous improvement.

INSTITUTIONAL CORE COMPETENCIES

Personal, social and ethical responsibility:

› Civic knowledge and engagement - local and global: Students will understand the richness and challenge of local and world cultures and the effects of globalization, and will develop the skills and attitudes to function as “global citizens.”

› Intercultural knowledge and competence: Students will recognize and understand the rich and complex ways that group and individual inequalities and interactions impact self and society.

› Ethical reasoning and action: Students will develop ethical and social responsibility to self and others, and will collaborate with others to address ethical and social issues in a sustainable manner.

› Foundations and skills for lifelong learning: Students will display an understanding of learning as a lifelong process through demonstration of a desire to learn, the willingness to apply learning to other areas of their lives and the ability to think and act independently, be willing to take the initiative to get projects done and demonstrate the ability to reflect upon what has occurred and how it impacts students and others.

Intellectual and practical skills:

› Teamwork and problem-solving: Students will demonstrate the ability to work together cohesively with diverse groups of persons, including working as a group to resolve any issues that arise.

› Analysis and inquiry: Students will demonstrate an ability to analyze information from multiple sources and to raise pertinent questions regarding that information.

› Critical and creative thinking: Students will develop the disposition and skills to strategize, gather, organize, create, refine, analyze and evaluate the credibility of relevant information and ideas.

› Analysis and inquiry: Students will communicate effectively in a range of social, academic and professional contexts using a variety of means, including written, oral, numerical/quantitative, graphic and visual modes of communication.
SCC’s student enrollment has increased by 38.5% since 2006!

Source: MnSCU Management Reports (end of fiscal year data)
South Central College is committed to fostering a campus environment of inclusion, knowledge and understanding in which faculty, staff and students learn to value diversity and to respect individual differences that enrich our college community.

Goal #1
Develop diversity and SCC students cultural competence through comprehensive and sustained educational programming (curricular and co-curricular).

Goal #2
Increase the diversity of SCC’s student population by developing new, and strengthening existing, recruitment initiatives.

Goal #3
Increase the college’s persistence and completion rates for underrepresented students.

Goal #4
Increase the diversity of SCC’s employee pool by strengthening recruitment and retention procedures and practices.

Goal #5
Develop diversity and cultural competence among college employees through comprehensive and sustained diversity training and programming.

Goal #6
Create and maintain a welcoming atmosphere that embraces diversity and provides an inclusive collegiate environment.

Goal #7
Identify meaningful partnerships with higher education institutions, K-12 systems, community groups and business partners to collectively strengthen the college’s diversity efforts.

Goal #8
Formalize the diversity committee’s structure and competence to strengthen its advisory capacity to the college.

South Central College

Accomplishments

Goal #1  INCREASE AND ENHANCE ACCESS

SCC is proud to have served 38.5% more students since becoming a comprehensive community college in 2006.

SCC has expanded its Project Lead the Way coursework for faculty development and has education agreements with South Central Perkins Consortium high schools.

SCC developed a new comprehensive 3-year diversity plan for the institution and will be working to sustain an atmosphere that attracts and supports a diverse community of learners. Dr. Brian Fors, Academic Affairs Dean, Liberal Arts and Professional Careers, was appointed as Chief Diversity Officer for SCC and Jane Greathouse, Psychology faculty, was elected Chair of the Diversity Committee.

The Federal Department of Labor Health Pathways Grant helped to expand SCC instructional healthcare options to include: Health Unit Coordinator, Health Support Specialist, Medical Assistant and Pharmacy Technician. The grant provided staff and resources focused on student recruitment, retention, completion and placement of its program participants. New curriculum was developed and approved, and 345 students enrolled and have received support services, while pursuing health careers programming.

SCC was host to “Science Saturdays” and “Zap Camp” for area youth that exposed students to civil engineering, biology, mechatronics and chemistry coursework through a variety of experiential projects.

SCC is adding a fully transferable Engineering Foundations major. SCC has completed a re-design of programs to create the new Building Design and Energy Technology major that began Fall Semester 2011.

Newly remodeled space for Career Assessment & Counseling was available for Fall 2011 and will provide resources, individual appointments and guidance in researching careers, goal setting and counseling.

GPS Life Plan was implemented at SCC during the 2010-11 academic year.

A Learning Commons concept was created and features a new open computer lab, updated library area with student collaborative spaces and updated student lounge with collaborative student technology.

Successful new partnerships and grant funded investments in equipment have helped to create a Haas Center of Excellence in Machining, a Chemistry lab and a new Pharmacy Technician lab on the North Mankato Campus.

SCC has remodeled the Academic Support Centers on both Faribault and North Mankato Campuses and have remodeled the Crossroads Bookstore and Café on the North Mankato Campus.
SCC’s first Mechatronics Engineering Technology students graduated in May 2011. Grads have found excellent internships and employment.

SCC’s Carpentry-Cabinetmaking program collaborated with the Minnesota State Academy for the Blind, in Faribault, to build a 4 bedroom transitional housing project for MSAB students.

Over 800 regional firefighters were trained during the Spring SCC Fire/EMS/Rescue School.

A new Geographic Information System certificate was granted approval to begin Fall 2011.

The Engineering Foundations program achieved articulation with MSU and will begin Fall 2012.

SCC hosted its 3rd Annual Ag Symposium, bringing world-class presentations to regional producers and lenders while raising over $30,000 to support agriculture student scholarships and programs.

SCC’s Center for Business and Industry served over 13,600 individuals through non-credit instruction during Fiscal Year 2011.

Goal #2 PROMOTE STUDENT SUCCESS

During our first year, of a 5-year TRiO Student Support Services grant, SCC served 140 students. SCC is providing tutoring and academic/personal support to increase retention, transfer and graduation rates of our under-represented students.

SCC student Abigail Higginbotham was chosen as one of fifty national 2011 Phi Theta Kappa Coca-Cola Gold Scholars.

SCC students competed at state and national competitions, with the Culinary Arts team placing 1st at the International Collegiate DECA competition.

Ten SCC students traveled to Costa Rica in Spring 2011, as part of the Tropical Rainforest Ecology, BIO 150 course. An additional ten students enjoyed a travel abroad experience in Italy during May 2011.

SCC’s Foundations provided $299,192 in scholarships to 371 students based on academic achievement and financial need.

Goal #3 SUPPORT ECONOMIC VITALITY

SCC’s first Mechatronics Engineering Technology students graduated in May 2011. Grads have found excellent internships and employment.

SCC’s Carpentry-Cabinetmaking program collaborated with the Minnesota State Academy for the Blind, in Faribault, to build a 4 bedroom transitional housing project for MSAB students.

Over 800 regional firefighters were trained during the Spring SCC Fire/EMS/Rescue School.

A new Geographic Information System certificate was granted approval to begin Fall 2011.

The Engineering Foundations program achieved articulation with MSU and will begin Fall 2012.

SCC hosted its 3rd Annual Ag Symposium, bringing world-class presentations to regional producers and lenders while raising over $30,000 to support agriculture student scholarships and programs.

SCC’s Center for Business and Industry served over 13,600 individuals through non-credit instruction during Fiscal Year 2011.
Goal #4 ENSURE ACCOUNTABILITY & INSTITUTIONAL EFFECTIVENESS

The Higher Learning Commission of the North Central Association of Colleges and Schools granted SCC ten years of continued accreditation. The SCC accreditation team made the decision to move to the AQIP Process of Accreditation.

SCC has created a comprehensive faculty evaluation tool to be implemented Fall 2011.

Departments completing the Program Review process included: Liberal Arts & Sciences, Accounting, Computer Integrated Machining, the Center for Business & Industry (CBI) and the Department of Instructional Technology (DoIT).

The National League for Nursing Accrediting Commission accepted the application for Accreditation in the Registered Nurse program. Community Social Service, Medical Assisting and Pharmacy Technician programs are currently seeking accreditation from their respective national organizations.

The Associate of Applied Science Degree in Practical Nursing has been approved and has an articulation agreement with Metro State University for BSN completion.

Goal #5 FUEL AND CELEBRATE INNOVATION

SCC successfully expanded options for learning on the Faribault Campus with “Weekend College” offerings, providing a unique option for students preparing to transfer.

The Global Connections Conference took place Oct. 14-15, 2010, with a focus on Africa. There were 26 break-out sessions, four keynote speakers and a concert.

SCC campuses became tobacco-free on July 1, 2010, providing a healthier learning and work environment.

Goal #6 NURTURE RELATIONSHIPS

The first “Forum on Education in Southern Minnesota” took place on the North Mankato Campus on April 15, 2011.

SCC recruitment efforts include collaboration with area ABE/FastTrac programs.

SCC hosted a “Legislative Day” on November 30 to share the 2011 MnSCU Legislative agenda with the regional legislators.
2006-2007 $127.45 per credit
2007-2008 $132.55 per credit
2008-2009 $135.20 per credit
2009-2010 $139.25 per credit
2010-2011 $146.35 per credit
The Center for Business and Industry helps business, non-profit and government organizations improve their performance to meet the challenges of the global and local economies.

WE OFFER....

• Convenient, cost-effective and relevant solutions
• Comprehensive customized training and curriculum development
• Dependable, flexible delivery at your location or ours
• Qualified consultants with real-world experience
• Access to expertise, curriculum and equipment
• Credit and non-credit courses offered year-round
• Measurable outcomes applied on-the-job
• Grant funding partnerships

Solution: Business Services
To build capacity and leverage resources: consulting, assessment, research, planning and organizational services.

Solution: Continuing Education
Based on market demand, education to help build expertise in your current role and prepare for the next stage in your career.

Solution: Custom Education/Training
Tailored, flexible, relevant training delivered by subject matter experts via classroom (yours or ours) online and hands-on.

Solution: Workplace Credit
Employees earn college credit conveniently on-site. Transferable to academic certificate, diploma or associate degree programs.

CBI programs span the gamut of quality education and training in these broad areas of knowledge and skills development:

Business • Computer & Technology • Healthcare
Manufacturing • Public Safety & Driving • Workplace Safety

The Foundations on the Faribault and North Mankato Campuses awarded over two-hundred and ninety thousand dollars to SCC student scholars in 2011! Funds for these scholarships were raised in a variety of ways, including regional fund drives, faculty, staff and alumni contributions, earnings on endowed funds, grants and special fundraising events. Foundation volunteers work hard each year to raise funds for these scholarships, and we have had overwhelming support from the businesses and individuals in Mankato, North Mankato, Faribault and our South Central Minnesota communities.

ONLINE AUCTION 2011

Going High-Tech, the North Mankato Campus hosted our first ever on-line auction in 2011. Watch for the 2012 event in late January.

GOLF 2011

The 18th annual Golf Classic, held May 23rd at the Mankato Golf Club, netted over $27,000 for the scholarships and programs of SCC. Save the date for May 21, 2012 at the Mankato Golf Club!

AG SYMPOSIUM 2011

The 3rd annual Ag Symposium, held March 3rd at SCC, netted over $40,000 to support the scholarships and Ag programs of SCC. Save the date for February 28, 2012 as we have another great line up of speakers, including Dr. David Kohl.
