

PROUDLY PRESENT

Dr. Temple Grandin

February 9, 2016 at 6:30 p.m.

South Central College,
John A. Votca Conference Center

When it comes to the autism community, no name is bigger than Dr. Temple Grandin.

Temple was born in Boston, Massachusetts. Her achievements are remarkable because she was an autistic child. At age two she had no speech and all the signs of severe autism. Fortunately, her mother defied the advice of the doctors and kept her out of an institution. Many hours of speech therapy, and intensive teaching enabled Temple to learn speech. As a teenager, life was hard with constant teasing. Mentoring by her high school science teacher and her aunt on her ranch in Arizona motivated Temple to study and pursue a career as a scientist and livestock equipment designer.

Considered the most accomplished and well-known adult with autism in the world, Temple is a leading advocate for autistic communities. She has also written books and provided consultation on the humane treatment of animals. Temple is one of TIME Magazine's Top 100 Most Influential People in the World in the "Heroes" category and, in 2010, HBO released an Emmy Award winning film, "Temple Grandin" on her life.

WHEN: Tuesday, February 9, 2016
