Restricted Donations

Some donors have a strong preference for restricting their donation to a certain scholarship or program area at SCC. The Foundation Office will work with you to make sure your wishes are fulfilled.

Endowing a Fund

Endowments can be established as a gift to last forever to support scholarships or general initiatives within the college.

Message from SCC President, Dr. Annette Parker

“The community should feel proud of the many ways it has supported South Central College over the past 50 years. After more than a year of remarkable physical improvements to our campus and academic planning to offer new technical degrees, we’re excited to partner in new ways with business and industry to ensure the success of our students, our community and region.

Your contribution to the Faribault Campus Foundation demonstrates your commitment to education and the local opportunities South Central College provides. Thank you for your support!”

Message from Foundation Board President, Barton Jackson

“Students enroll at South Central College because they value education, and South Central College is a great value, providing affordable education for students for 50 years. For over 30 years, the Foundation has actively supported SCC students and programs to help make sure local scholarships and local opportunities remain for future generations. Through the generosity of area businesses and individuals, including proud SCC alumni, this year alone the Foundation awarded scholarships to 116 students for their initiative and academic achievements, to help them complete a certificate, diploma or degree right here, close to home.

On behalf of the Foundation Board of Directors and our team of dedicated volunteers, please join each of us in supporting the annual fund drive with your tax deductible donation to help students.”
“Having a scholarship gives you hope to continue school and when I was given this opportunity, I pushed myself to do more and to study more. I’m on my way to being someone I never imagined being.”

Ardo Ibrahim

“I’m glad to know that all my efforts to keep good grades has rewarded me. My SCC Academic Scholarship means a lot to me and financially it’s going to be a very big help.”
