

South Central College

ARCH 1500 Construction Experience

Common Course Outline

Course Information

Description	Develop an understanding of the construction environment as it pertains to building assembly and the construction process. This course inspires students to explore opportunities within the diverse construction industry under the guidance and approval of the course instructor
Total Credits	1
Total Hours	32

Types of Instruction

Instruction Type	Credits/Hours
Off Campus Lab	1/32

Pre/Corequisites

none

Course Outcomes

- 1. Develop construction assembly knowledge**
Learning Objectives
 - Demonstrate knowledge of the construction process
 - Participate in the assembly aspect of construction
 - Utilize plan reading skills to extract construction information
 - Correlate the construction process to architectural drafting
- 2. Demonstrate effective job performance and dependability**
Learning Objectives
 - Demonstrate positive attitude and initiative
 - Practice proper attendance and timeliness
 - Demonstrate an understanding of responsibilities
 - Demonstrate good work effort
- 3. Demonstrate professional ethics and communication**
Learning Objectives
 - Develop an understanding of employer's business principles
 - Interpret and execute demands of supervisors
 - Facilitate cooperation with co-workers

SCC Accessibility Statement

Disability Services provides accommodations and other supports to students with permanent and temporary disabilities that affect their SCC experience. Disabilities may include mental health (anxiety, depression, PTSD), ADHD, learning disabilities, chronic health conditions (migraine, fibromyalgia), sensory disabilities, and temporary disabilities (broken arm, surgery). Common accommodations are extended test time, private room for testing, audiobooks, and sign language interpreter.

Grading Scale

based on correctness of work. The total of all points earned will be divided by the maximum possible to determine a percentage. Late assignments will be accepted anytime until the semesters end **Any work handed in late (regardless of duration) will incur a 10% deduct from the grade for that instance.**

Grades will be based on the following percentage of points earned

A	92-100
A-	90-91.9
B+	87-89.9
B	83-86.9
B-	80-82.9
C+	77-79.9
C	73-76.9
C-	70-72.9

Note: Grades below 70% will not count towards degree completion, course must be repeated

D+	67-69.9
D	63-66.9
D-	60-62.9
F	Below 60

Attendance Expectation

Class attendance / participation contributes significantly to academic success. Students who attend classes regularly tend to earn higher grades and have higher passing rates in courses. Excessive absences may jeopardize your grades or even your ability to continue in this course. **Class participation will be part of your grade! The following will apply in all ARCH program courses:**

- An absence is excused ONLY if the student contacts the instructor BEFORE class.
- If you are absent from class for any reason, you are responsible for all missed work and for contacting the instructor promptly.
- Unexcused absences for 3 consecutive class sessions will reduce your final grade by 10% after the first occurrence and automatic course failure after the second occurrence. Overall attendance falling below 50% will result in automatic course failure.
- Online attendance is available at the instructor's discretion. It is reserved for extenuating circumstances and is NOT a replacement for attendance.
