Community and Technical  
College

# CHOICES VALUES OPPORTUNITIES

*"South Central College benefits from a winning combination of engaged business and community leaders, a strong partnership with Minnesota State University, Mankato and the solid support of our Board of Trustees and the Office of the Chancellor.*

*The college prepares graduates who are critical to the economic and cultural fabric of the region, and its educational programs and services help meet the Minnesota State Colleges and Universities system's strategic goals of increasing access and opportunity, promoting high-quality learning programs and economic development, and innovating to meet current and future educational needs."*

AND UNIVERSITIES SYSTEM

## OUR Vision

South Central College  
will be the leading provider of  
technical and general education  
within the region.

## OUR Mission

South Central College  
provides comprehensive higher  
education for employment and  
continuous learning to promote  
individual growth and economic  
development.

## OUR Strategic Goals

Support Student Success  
Enhance Student Access  
Nurture Relationships

# Message from the President

## More Choices. Better Value. Unlimited Opportunities!

These are solid reasons for growing student enrollments at South Central College. SCC continues to provide more choices for learning for the citizens of South Central Minnesota, as evidenced by the addition of our Civil Engineering Technology major that began in Fall, 2007. This program is part of SCC's growing Center for Construction Technology, created this year and directed by many of our stakeholders who provide the vision for future programming to meet the changing needs of business.

Liberal Arts & Sciences makes up over one-third of SCC's current student enrollments. South Central College has filled the new classrooms and laboratories, created through our 2005 Bonding Request, and are proud of our first Associate in Arts degree students who graduated this spring.

This year also marked new in-roads in international partnerships. SCC members visited Chiang Mai Vocational College in Thailand during October of 2006, and students accompanied SCC administrators, faculty and staff to the CeBIT Technology Fair in Hannover, Germany, March 10-18, 2007. In addition, SCC hosted a group of five German students from the Carl Severing - Berufskolleg College, in Germany, during the month of October and hosted a Thailand delegation of faculty and administrators from April 25 - May 3, 2007. SCC continues to explore opportunities for student exchange and the opportunity to incorporate global learning into our curriculum.

2007 was also a record-breaking year for scholarships! Over a quarter million dollars in scholarships were provided to deserving SCC students based on academic achievement and financial need. Thanks to our Foundations, and the individuals and businesses that support them, student scholarships have made a great value even better!

Our administrative team is now complete. During this past year, we have had several people serve in interim appointments. I would like to extend my appreciation to these SCC members for their service to our college. In addition, a new Dean of Economic Development was added to our administrative team, to provide the vision for new entrepreneurial partnerships and occupational education. I believe that this addition shows SCC's deep commitment to projecting the workforce educational needs of our business and industry partners.

I am proud to serve as President of Minnesota's newest comprehensive community and technical college!

Keith Stover

President

SCC President Keith Stover is pictured with administrators of the Carl-Severing-Berufskolleg college in Germany during the March 2007 visit. Pictured left to right: Karl Heinz - College Dean, President Stover, Peter Hahlhage - Assistant Director, and Manfred Hellmig - Director.

SCC President Keith Stover, along with other faculty and staff members, represented South Central College on a visit to Chiang Mai Vocational College in Thailand in October of 2006.

## LIBERAL ARTS & SCIENCES GROWTH

## INSTITUTIONAL CORE COMPETENCIES

As a college, South Central has created goals for all of its students to attain at completion of their degrees. Those standards are called Institutional Core Competencies. South Central College has determined that the following six competencies are important educational, career and personal life skills.

### Communication

Communicate effectively with a variety of audiences using verbal, non-verbal, listening, written, interpersonal and team skills.

### Critical Thinking

Evaluate arguments; separate fact and opinion; recognize points of view; understand implications and consequences; make ethical decisions; acknowledge diverse values.

### Global Citizenship

Understands the inter-connectedness of people's nations, geography, economics, environment, culture and politics. Has a general knowledge of history and world events. Understands and respects cross-cultural differences and issues. Understands the impact of other cultures and world events on life in the USA. Works effectively in teams of diverse composition.

### Math/Logic Reasoning

Apply computation, data measurement, logic, analysis and synthesis to solve problems and make decisions.

### Professionalism

Develop attitudes and habits of punctuality, honesty, respect and self-directedness while contributing to a personal and group goal.

### Technological Literacy

Access and analyze information using technology to solve problems and work on individual and team projects.

# *SOUTH CENTRAL COLLEGE* Goals & Accomplishments

## GOAL 1:

### *Support Student Success*

- South Central College was chosen to participate in the Higher Learning Commission's initial Academy for Assessment of Student Learning cohort. This four year commitment will include events and interactions focusing on understanding, confirming and improving student learning.
- South Central College has implemented a "Program Profile" process which uses the key performance indicators from our Strategic Plan to identify the healthiness of individual programs. Based on the indicators, the faculty and administration set specific goals for strategic improvement.
- South Central College is hosting its first Global Connections conference highlighting the Lakota/Dakota cultures and will include multiple cultural and artistic experiences.
- As an outcome of the 2005 bonding, SCC students are able to receive high tech instruction in newly renovated Graphics Production; Computer Integrated Machining; Heating, Ventilation, and Air Conditioning; Agribusiness Service Technician; Microbiology and Physics laboratories and classrooms.
- SCC's Retention Committee hosted its first Student Success Day to promote student achievements and emphasize academic supports available to students.
- SCC has currently completed comprehensive program reviews of 90 percent of its programs to ensure student success and quality outputs for area employers.
- Through a MNCME grant, South Central has created a multimedia production lab for innovative curriculum development.
- SCC faculty had the opportunity to work with the Academic Innovations group and the International Coalition for Electronic Portfolio Research to explore electronic portfolios and how they relate to student learning outcomes.
- SCC formed a new service area called e-Studio. E-Studio provides faculty a production studio area for developing audio, video, animations and other multimedia content for their courses. This area is staffed by two instructional technologists, one web developer and one videographer.
- SCC'S Marketing and Recruitment sub-committee, made up of faculty, staff and students, completed a re-design of SCC's Catalog/Handbook to provide student friendly flow of information and higher accuracy on program majors.

## GOAL 2:

### *Enhance Student Access*

- SCC campus enrollments increased by 5 percent or 3142 credits for 105 FYE's in 2006-2007.
- The number of students seeking an Associate in Arts degree increased by 332 students.
- Online credits increased by 8.5 percent and now represent 7.2 percent of the college's total credits.
- Seventy-three percent of SCC's online credits were from technical program courses.
- SCC's Liberal Arts & Sciences credits increased by 16.7 percent with Liberal Arts & Sciences representing 37.5 percent of the total credits. SCC graduated its first Associate in Arts degree recipients this spring.

# Accomplishments

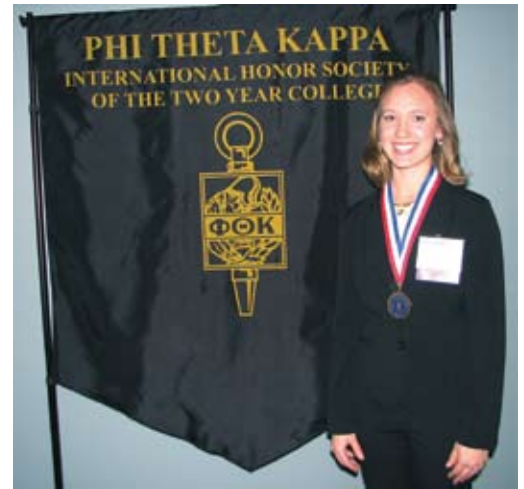

## 2006-2007

- South Central's Initiative to Promote Excellence in Student Learning (IPESL) project effectively improved the success of students choosing to participate in the project's study groups with embedded study skills offered for Physiology, Chemistry, Nutrition, and Biology courses.
- South Central College is initiating a new technical degree in Civil Technology in the fall of 2007.
- Since February, SCC has partnered with North Hennepin Community College, Mankato Area Adult Basic Education and Mindquest to offer online curriculum providing foundation skills preparation, academic samplers, college success units and career development units for college preparation.
- South Central College received \$280,000 from MNCEME grants and industry matches for new equipment in the Computer Integrated Machining and Civil Engineering Technology programs.
- In July, MNCEME partners hosted their first annual STEM focused ZAP camp for middle school students.

### GOAL 3:

## *Nurture Relationships*

- A South Central College delegation traveled to Thailand in October to explore an international partnership with Chiang Mai Vocational College and the Thai Secretary General of Technical Education. In April, a Chiang Mai Vocational College delegation continued the exchange, visiting South Central's campus communities.
- In October, SCC's Computer Careers program hosted students from the Carl Severing-Berufskolleg College (CSBC) in Germany. A SCC delegation continued the exchange, traveling to CSBC/Germany in March. As part of the visit, the delegation visited the CeBIT Worldwide Technology Conference.
- South Central College hired a new Dean of Economic Development to lead and expand the college's customized education efforts and other regional economic and workforce initiatives.
- South Central College continues to lead MnSCU institutions in customized training enrollments with another year of approximately 15,000 unduplicated headcount.
- The combination of farm business analysis records from South Central College and Minnesota West Community and Technical College was up another 63 farms for a total of 810 farm records for the year.
- South Central College is collaboratively planning with Hennepin Technical College, Normandale Community College and Minnesota State University, Mankato to meet the education and training needs of the Highway 169 corridor.
- Eleven of SCC's Farm Business Management faculty received the college's "Big Dog Award" for completing over 40 farm analyses this year.
- South Central is currently partnering with area business and industry representatives to respond to an emerging workforce need in the area of Mechatronics.
- South Central College and Minnesota State University, Mankato are in the final stages of creating 2+2 and 2+3 career pathways for manufacturing and engineering careers.

# Scholarships

2007-08 Presidential Scholar,  
**ANDREA PRESTON**  
with President Keith Stover.

Andrea is a North Mankato  
Campus freshman in  
Liberal Arts and Sciences.

*The Foundations on the Faribault and North Mankato Campuses of SCC awarded more than a quarter million dollars to SCC student scholars in 2007! Funds for these scholarships were raised in a variety of ways, including community-wide fund drives, faculty, staff and alumni contributions, earnings on endowed funds, grants, and special fundraising events. Foundation volunteers work hard each year to raise funds for these scholarships, and we have had overwhelming support from the businesses and individuals in Mankato, North Mankato, Faribault, and our South Central Minnesota communities.*

# CUSTOMIZED TRAINING & EDUCATION Highlights 2006-2007

## Leading the System in the number of individuals served through customized instruction

FISCAL YEAR	NON-CREDIT HEADCOUNT
FY2007.....	15,776
FY2006.....	15,963
FY2005.....	15,317
FY2004.....	15,557
FY2003.....	12,557

- SCC provided customized education to 233 business, non-profit and government clients. An additional 58 clients were supported through customized service contracts.

- SCC leveraged state, federal, and private foundation dollars totaling \$ 895,441 to maximize impact:

Department of Employment & Economic Development (DEED) to provide incumbent worker training for manufacturing workers \$30,000

Federal Mine Safety and Health Administration to fund the MSHA Coordinator position \$84,815

Healthcare Systems Preparedness Program to provide National Incident Management System (NIMS) training \$17,500

American Bikers for Awareness, Training & Education of Minnesota (ABATE) to purchase motorcycles for training \$10,000

Minnesota Job Skills Partnership (MJSP) for South Central MN Healthcare Partnership to provide simulation training \$270,625

MJSP to provide high level networking and internet training for HickoryTech employees \$392,000

MJSP to provide refuse industry training to LJP Enterprise employees \$49,326

MJSP Low Income Worker grant to provide welding training \$41,175

### NEW DEAN OF ECONOMIC DEVELOPMENT

SCC hired Marsha Danielson as Dean of Economic Development in June of 2007 to provide leadership for Customized Training/Continuing Education charged with helping business, non-profit and government to improve their performance.

- SCC collaborated with 32 educational partners.
- SCC provided leadership by presenting at state, regional and national association conferences:

Robert and Terry Weston - Mine Safety and Health Academy (MSHA) and the Joseph Holmes National MSHA Conference.

Robert Weston - Partnership for Environmental Technology Education (PETE) conference.

Al Kluever - Association of Training Officers of MN (ATOM) Board meeting.

Tom Vosberg - Region V Occupational Safety & Health Administration (OSHA) meeting.

## BUSINESS AND INDUSTRY

- SCC partnered with the City of Mankato/Technology Plus and other partners to launch the SourceLink portal, a business stimulation and economic development tool.
- SCC collaborated with the Northfield Community Action Center to provide welding training for 45 low income Hispanic residents.
- SCC partnered with the Fairmont Minnesota Workforce Center to deliver welding and blue print reading training to three firms in Fairmont, Winnebago, and Blue Earth.
- SCC provided "Leadership Development" programming to Southern Minnesota industries.
- SCC provided leadership for the Southeast Consortium Partnerships of colleges and the Department of Employment & Economic Development (DEED).

## INDUSTRY AND CONSTRUCTION SAFETY

- SCC hired two additional full-time Safety and Health Coordinators to meet increased demand for customized training/education from business, construction and general industry.
- SCC hired a videographer to develop videos to enhance current classroom training tools.
- SCC provided Grain Bin Safety training to participants across Minnesota and Iowa.
- SCC launched new construction training including an Interpreting Commercial Construction Documents class and Residential Construction Continuing Education programs.
- SCC provided excavation training in eight states.
- SCC developed over 50 new online safety courses.
- SCC hosted PIMA Community College of Tucson, Arizona to share our Occupational Safety & Health degree program as a best practices model.

### LIFETIME ACHIEVEMENT AWARD

Dan Kocer, SCC Mine Safety and Health Program Coordinator, received the MN Council for Continuing Education and Customized Training (MnCCECT) Lifetime Achievement Award in May 2007 for 28 years of significant contributions to customized training and education.

## MEDICAL SERVICES

- SCC provided National Incident Management System (NIMS) training to 15 hospitals and healthcare systems in the region under a grant from the Healthcare Systems Preparedness Program.
- SCC introduced a new Emergency Preparedness Program for government, business, and industry that included preparedness & recovery planning, training, and other activities related to All Hazard Planning.
- SCC provided leadership education to RN's and LPN's from the South Central MN Healthcare Partnership in addition to clinical education using a patient simulator called SimMan.

## PUBLIC SAFETY

- SCC hosted the Minnesota State Fire/Emergency Medical Services/Rescue School for over 675 participants.
- SCC Fire and Rescue Program built a new training tool for Advanced Rapid Intervention Team (RIT) training.
- SCC established a Security Officer Certificate Program in partnership with a consortium of local security directors.
- SCC launched a Professional Development Series within the Law Enforcement Program. Tactical Program offerings were also expanded.
- SCC Customized Training staff created a Pandemic Plan and a Continuity of Operations Plan for South Central College.

2006-2007
